TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Charlestown, in the County of Sullivan, in said State, qualified to vote in Town affairs:-

You are hereby notified to meet at the Town Hall in said Charlestown, on Tuesday, the twelfth (12th.) day of March next at nine o'clock in the forenoon, to act upon the following subjects:

Art. 1. To choose the necessary officers for the ensuing year.

Art. 2. To consider the Budget. To raise such sums of money as may be deemed necessary for the maintenance of the poor, laying out and repairing highways, building and repairing bridges, and for necessary charges arising within the town.

Art. 3. To see if the Town will vote to allow the Selectmen to deliver the inventory blanks at the time of taking inventory.

Art. 4. To see if the Town will vote to authorize the Selectmen to borrow on notes on the credit of the Town, such sums of money as may be needed to meet current expenses in anticipation of taxes.

Art. 5. To see what sum of money the Town will vote to raise and appropriate for the purpose of lighting the streets within the Town.

Art. 6. To see if the Town will vote to allow 4% discount on all property taxes paid on or before June 15th, 1935; 3% on or before July 15th, 1935; 2% on or before August 15th, 1935; and 1% on or before September 15th, 1935.

Art. 7. To see what action the Town will take in regard to spreading oil on the village highways within the Town.

Art. 8. To see if the Town will vote to raise and appropriate a sum of money for the care of the trees on the village streets.

Art. 9. To see if the Town will vote to raise and appropriate a sum of money for the purpose of co-operating with the State Forestry Department in regard to White Pine blister rust control.

Art. 10. To see if the Town will vote to raise and appropriate the sum of $2,725.00 for State Aid Construction, the State to give $2,725.00, money to be expended on the Forest Road so-called leading from South Charlestown to Langdon.

Art. 11. To see if the Town will vote to raise and appropriate the sum of $717.83, the State to give $2,871.34 to be expended in a similar manner to the Emergency Relief Unemployment Funds of 1933 and

1934, this vote to depend upon action of the Legislature now in session.

Art. 12. To see if the Town will vote to raise and appropriate the sum of $300.00 to repair the jets and woodwork on the outside of the Town Hall.

Art. 13. To see if the Town will vote to purchase an auto chassis for the Fire Department at the approximate sum of $670.00 to take the place of the old model T truck now in use, to carry the chemical tank.

Art. 14. To see if the Town will vote to raise and appropriate $300.00 to be used in building a swimming pool in co-operation with the U. S. Government.

Art. 15. To see if the Town will vote to have foundations in the Cemeteries put in under the supervision of Sextons of Cemeteries.

Art. 16. To see if the Town will vote to adopt the provisions of the Municipal Budget Act.

Art. 17. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.

Art. 18. To see if the Town will vote to instruct the Selectmen to borrow sufficient money for the Water Department to take advantage of the Federal Emergency Relief Act, (should it pass Congress) to replace the present water pipe line with a six inch main beginning near the residence of Louis S. Heath, and continue through Snumshire so-called, and also on the Cheshire Bridge Road, this money with interest to be paid from the yearly water rentals.

Art. 19. To hear the reports of Agents, Auditors, Committees or Officers heretofore chosen, and pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third (23rd,) day of February, in the year of our Lord, 1935.

HEALTH OFFICER'S REPORT

From February 1, 1934 to February 1, 1935 the following contagious diseases have been reported to the health officer:

Measles 22
Scarlet fever 2

A diptheria clinic was held on May 17, 1934 under the supervision of the state board of health, division of maternity, Infancy and child hygiene. 45 children of preschool age and 17 school children were given immunization treatment of toxoid precipated with alum.

Under the child recovery program in New Hampshire, three children were cared for at the Claremont General Hospital for tonsil ectomy operations.

Twelve samples of water from both the village and North Charlestown supply have been sent to the state laboratory for analysis and the reports have been very satisfactory.

Several samples of milk taken from local milk dealers have been sent to the state laboratory and in nearly every case the report showed excellent milk both as to quality and cleanliness. Copies of either water or milk reports may be seen at any time on application to the health officer.

Owing to the unusual demands upon this department, the appropriation of $75.00 was unavoidably overdrawn, and I recommend that the sum of $100.00 be appropriated for the coming year.

Respectfully submitted,

LOUIS L. COMSTOCK, Health Officer

Report of Superintendent of Schools

To the Charlestown School Board;—

I hereby submit my fifth annual report as your superintendent of schools.

I am happy to state that both the pupils and teachers of Charlestown have earned an excellent record this year. This is true not only in school room work, and in tests, but in dramatics, athletics, and social activities.

Changes have been made in the school organization. The Charlestown Village schools have been divided into three groups, senior high, (grades 9 to 12), junior high grades (3 to 8), and primary group (grades 1 and 2). The fifth and sixth grades are now brought from South Charlestown to the Charlestown Village Schools. I believe that this has strengthened the system and given the pupils better opportunities. The senior high school has been able to concentrate more on their own work; the junior high school has developed a greater sense of responsibility and leadership among the pupils of the seventh and eighth grades and more systematic work in grades three, four, five and six; and the fifth and sixth grades have for the first time classes in woodwork and sewing.

There is also a financial side to the reorganization. In former years the senior high teachers have taught the junior high pupils of the seventh and eighth grades. It has been hard to make a satisfactory adjustment with the State for the part of their salaries to be allowed for the elementary work as the salaries of high school teachers are higher than those of grade teachers and with domestic science and manual arts more time was required of the teachers than the State would approve.

The work of the senior high school continues in the same smooth businesslike way under the directions of Headmaster William E. Steele, who is an able administrator and leader. He teaches hist. 12, hist. 11, Eng. 9 and sociology. Submaster Harold Morrill is a scholar, and is a very successful teacher of any academic subject. This

year he is teaching three classes in French, two in Latin, and Eng. 11 and 12. The faithful work of Miss Olga Sipolin cannot be over emphasized. Her high standards have made a deep impression on our school. She teaches commercial subjects. Miss Florence Weast, whose untiring energy and ability to make work clear made her a valuable junior high school teacher, has been given senior high work this year. She teaches math. 12, algebra 9, algebra 10, chemistry, hist. 9 and Eng. 10. Miss Florence Child is efficient as a domestic science teacher. Each teacher works on extra curricula activities. Mr. Steele has had charge of athletics, Mr. Morrill and Miss Sipolin have worked in several fields including dramatics, Miss Weast has helped in dramatics and Miss Child in debating.

In the junior high school we have four able, experienced teachers, each especially strong in the subjects taught, and each willing to work overtime for the good of the school. Besides the four regular teachers, Miss Child of the senior high school teaches two periods of domestic science. Principal Elliot Burbank teaches manual arts to grades 5, 6, 7, and 8, math. 7, math. 8, science 7 and science 8. Miss Bertha Hall teaches Eng. 8, Eng. 7, Eng. 6, Rugg's 7, Rugg's 8, geog. 6, geog. 5, and hist. 6; Miss Dorothy Simmons, read. 6, read. 5, read. 4, read. 3, geog. 4, geog. 3, sewing 6, sewing 5, and hist. 4; and Miss Dorothy Bailey, arith. 6, arith. 5, arith. 4, arith. 3 Eng. 5, Eng. 4, Eng. 3, hist. 5, and hist. 3. Principal Burbank coaches basketball and Miss Bertha Hall, dramatics. Miss Hall and Miss Simmons have crowded rooms a large part of the day.

Principal Anne Eaton teaches the four lower grades at the Farwell School and Miss Helen Streeter the four upper grades. Both are experienced teachers. The citizens of North Charlestown are rightfully proud of the high grade of work that is done by their teachers and pupils. Several times Miss Eaton's room has been recommended to teachers from other parts of the state who

desired to observe exceptionally good lower grade work, and although handicapped by having four grades to teach, Miss Streeter's pupils are well prepared for high school work at the end of their eighth grade.

Miss Hilda Wright, a graduate of Keene Normal School began work in the fall at South Charlestown. She is good both as a disciplinarian and a teacher.

At the Charlestown Primary School we have two teachers who are strong in lower grade work. Thirty pupils are more than should be in a first grade, but this condition will correct itself as the average first grade here has been about twenty in years past. Miss Winifred Hall teaches the second grade and Miss Isabelle Davis the first grade.

In years past my reports have dealt at length on financial problems. I feel that this year I should take more space to call your attention to the excellent work that your teachers are doing.

We realize that health is of great importance and is an established part of school work. Charlestown is fortunate to have the services of such an able nurse as Mrs. Z. L. Hasham who has a large field to cover, but finds time to look out for epidemics and to study the general health of the individual child. The dental clinic has been very successful. Dr. Crandall has done excellent work and has made his charges small. The regular work has been in the four lower grades this year. A few children in the middle grades have had work done, but they have paid for that as individuals and it has been done mostly on extra time. The regular work has been paid for by one hundred dollars raised at the district meeting of 1934, and funds given by the local Red Cross. At this time I desire to thank Dr. Young for his kindness in examining the children who desire to take part in athletics and for other favors.

It is desirable that the district raise funds to complete the dental work. The grades in which dental work has

not as yet been done are the present 5th, 6th, 7th, 8th, and 9th.

There is another condition that I feel should be brought to your attention. Mrs. Hesslar Gates has again taught successfully music in the senior high school, but we have no regular music teacher in the grades. Music has not been neglected in most of the schools as those who have attended special entertainments given by the grades know. A good music teacher, however, would systemize the work, aid the regular teachers, and be a help in organizing entertainments. While the State approves of the work of a music teacher it will not approve the salary as it does those of the grade teachers. That means that any salary paid a music teacher will have to be added to the regular estimate of the budget each year.

We have tried to keep the buildings and furniture in good repairs so that we may not be called upon to raise an exceptionally large sum in any one year. I believe that this is a sound policy. We have improved our furniture each year. At the present rate of payments we should be free from debt by July 1, 1937. After that date it will be easier to handle special problems.

I wish to thank the Charlestown School Board, the teachers, the pupils and the citizens for the support of school activities and their kindness to me.

Respectfully submitted,

WALTER L. MASON

School Nurse's Report January 1934 to January 1935

School health work is not alone for the present but for the future. The nurse is an invaluable factor in the school health program. She is in a position to have intimate knowledge of the health problems of the pupils and to make home contacts. Through personal visits to the homes she can give a clear idea to the parents of what school health work means. Often she is called on to make

connections with local and state agencies, with local physicians and with physicians distances away. With hospitals and clinics. During the past year pupils were accompanied to Manchester, Hanover and Claremont clinics.

A school dental clinic was held January 1934 and January 1935.

Report of dental clinics:

Number of pupils receiving complete care	127
Total number of cleanings	65
Total number of extractions	66
Total number of fillings	204
Total number of treatments	148
Total number of operations	483
Number of visits to homes	99
Number of visits to schools	148

It is difficult to measure the results of the health program in the schools. Each year the pupils show more real interest in their own development. There is a marked improvement in personal hygiene, there are fewer skin diseases and more requests for the nurses advice.
